

PRAKHAR JAIN

M&A / Transaction Advisory Professional

Bengaluru, India | +91-8839346796 | prakharjain.oist@gmail.com | linkedin.com/in/prakhar-jain-kumar

PROFILE

Valuation and transaction advisory professional with 4+ years at Big4, executing business valuations, intangible asset valuations, purchase price allocations, and PE/VC portfolio valuations using DCF, comparable company / transaction, relief-from-royalty, and multi-period excess earnings methods. Managed cumulative deal and portfolio exposure exceeding INR 40 Bn, supporting M&A, fundraising, and strategic decisions across 15+ industries while working directly with acquirers, PE/VC funds, and boards on deal rationale and pricing. Proficient in CapIQ, Bloomberg, Mergermarket, and financial modeling; combines transaction execution with Python-based analytics.

CORE COMPETENCIES

M&A Advisory • Purchase Price Allocation (PPA) • DCF & Comparable Company/Transaction Analysis • PE/VC Portfolio Valuation • Deal Due Diligence • Financial Modeling • Model Audit Automation • FEMA & Regulatory Valuation • CapIQ / Bloomberg / Mergermarket / VCC Edge • Python (Pandas, NumPy, Scikit-Learn) • Excel VBA

EXPERIENCE

Assistant Manager – Valuations (Deals) | PwC India | Jul 2022 – Present | Bengaluru, India

- **M&A Transaction Support:** Delivered valuation opinions and pricing analysis for acquirers and boards across airports, satellite services, clean-tech, metal casting, and sports franchise acquisitions, supporting pricing decisions for deals up to INR 10 Bn. Applied DCF, comparable company, comparable transaction, relief-from-royalty, and MPEEM methods across business valuation and PPA engagements.
- **Market Intelligence:** Benchmarked targets and precedent transactions using CapIQ, Private Circle, Mergermarket, and VCC Edge to support valuation assumptions, deal pricing, and market positioning.
- **Model Audit Automation:** Developed an Excel VBA-based model audit tool, supported by AI-assisted logic development, to enhance valuation model review by automating checks for formula inconsistencies, hardcoded inputs, circular references, broken links, and workbook structure issues.
- **Team Leadership:** Supervised and mentored junior analysts and associates, reviewed valuation models for accuracy, and managed workflow to meet client deadlines and PwC quality standards.

Research Assistant | Machine Tools Lab, IIT Bombay | Jul 2019 – Jun 2022 | Mumbai, India

- Analyzed experimental data using quantitative and statistical techniques; authored technical reports supporting engineering process optimization.

SELECTED TRANSACTIONS & ENGAGEMENTS

- **Cricket Franchise Acquisition (INR 4 Bn):** Advised the acquirer of an international T20 franchise on value analysis to support internal decision-making on the stake acquisition.
- **Strategic Stake Acquisition – Metal Casting (INR 6 Bn):** Assisted in the valuation of a greenfield automotive casting manufacturer to support International Tractors Limited's proposed acquisition of an equity stake in the company.
- **CO₂ Reduction Target Screening:** Identified and benchmarked potential CCUS technology acquisition targets, assessing readiness, scalability, and valuation using market multiples.
- **Portfolio Valuation – CX Partners (INR 15 Bn):** Led periodic reporting valuations across nine sectors, including aerospace, IVF, housing finance, QSR, API, clinical research, and FinTech.
- **Cross-Border Equity Infusion (INR 5 Bn):** Executed FEMA-compliant valuation for foreign equity infusion into an Indian satellite company to address AGR dues.
- **Purchase Price Allocation – NIIT (INR 2.0 Bn) & Wipro (INR 1.2 Bn):** Led the PPA model build for two post-acquisition engagements, identifying and valuing acquired intangible assets and goodwill and determining useful lives in accordance with purchase accounting standards.
- **HCG Oncology – Strategic Acquisition (Equity Value INR 1 Bn):** Supported an independent fair value analysis of a single-site oncology hospital LLP to price the buyout of an exiting ~26% partner's stake by the majority partner, a listed healthcare group.

EDUCATION

M.Tech, Manufacturing Engineering – Indian Institute of Technology (IIT) Bombay

Completed May 2022 | Mumbai, India | Cumulative GPA: 9.06/10
